OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 17 September 1963

1. [] At the request of the Director, I telephoned Boyd Crawford to advise that the Director would not be able to meet with the House Foreign Affairs Committee on the 19th. It was pointed out that the subject matter had been thoroughly discussed and was apparently being discussed on the floor of the Senate. I indicated the Director would be happy to speak with the Chairman if Dr. Morgan desired. I also pointed out that the Director, if the Chairman desired, would respond to specific questions in writing. Mr. Crawford seemed to understand and stated he would advise the Chairman. Crawford will contact us if anything further is desired.

2. [] Talked with William Darden reminding him again that the Director would like to keep the Agency Subcommittees briefed and urged Darden to raise this specifically with Senator Russell. Darden stated he would speak to the Chairman concerning this and advise. **STAT**

3. [] Talked with Roy Coffin, in the Bureau of the Budget, concerning the Bureau's letter requesting the Agency's views on Senator Goldwater's bill permitting the Federal Communications Commission to authorize certain aliens to operate amateur radio transmitters on the basis of a reciprocal agreement with his country of origin. The amendment provides that appropriate agencies of the Government transmit to the FCC information in their possession which might have a bearing in such a case. I advised Coffin that I had discussed this proposed amendment with our people who felt that if the bill were to be enacted we would have no objection to the inclusion of this amendment provided appropriate safe guards were installed. (We are preparing a written response to ROE on this.)
